Education

Selçuk / Konya Technical University

2017 - 2021, Konya/Turkey, 3.40

Computer Engineering

Experience

Software Developer

Smart Message | 2021 - 2021, Istanbul

I worked on a microservice-based architecture and became familiar with technologies such as Redis and RabbitMQ.

Software Engineer

Orderinbox | 2020 - 2021, Canada / Remote

I worked as a full-stack software engineer. I developed and maintained most of the key features on both sides.
